Sorry

Darren Styles

I saw you yesterday
You walked past and you looked right through me
and then I heard you say
Oh no, he didn't see me did he
and now your walking away
to see you cry was not my intention
just let me make it ok
just give me one more chance to say

I'm sorry, I am so sorry
I didn't mean to make you mad
You're the best thing I ever had
I'm sorry, I am so sorry
cos' she wasnt worth it anyway
so turn around and please dont walk away

Please dont walk away

I'm sorry, I am so sorry
and now your walking away
I'm sorry, I am so sorry
and now your walking away

I saw you yesterday
You walked past and you looked right through me
and then I heard you say
Oh no, he didn't see me did he
and now your walking away
to see you cry was not my intention
just let me make it ok

I'm sorry, I am so sorry
I didn't mean to make you mad
