

## Boy In The Woods

12 Rods

boy in the woods  
guns, wine and hoods  
hang the has been that never was  
lost in his costume  
a legend in his own mind  
he's a legend in his own mind

he's for real but others think he's fake  
not smart enough to see his own fate  
apollo slapped him in the face

sold on the sands of morocco  
english poacher  
sold your soul to a soldier

there are things that he doesn't think about  
like a rut is a grave with the ends knocked out  
apollo no!

aaaah ah-ahh  
oo-ah-ah-ah  
aaaa-ah  
ah-ah-ah

he's for real but others think he's fake  
not smart enough to see his own fate  
apollo slapped him in the face

we all laugh as his life falls apart  
all he wants is to win your heart  
apollo knew this from the start
