

I don't want to hear it anymore. Hurry shut the door
My mind is falling apart thanks to the World is killing
my mind

I don't want to hear it anymore. Hurry...
My doppelganger is awaken by the voice of the World

Don't block my way. Don't block my way

No matter where I go it's a dead-end
Dead-end. Dead-end. Dead-end. (I'll destroy it.)

This path will surely lead to another dead-end
Dead-end. Dead-end. Dead-end. (I'll destroy it.)

Choujuu giga no utage no naka shiki sai ? Ryouru ga
narabi
Kokyuu naru gainen no shisouka Just get the hell out of
my sight
Feels like I'm going crazy. Antagonizing
Listening to you voice make my allergies kick in

Don't block my way. Don't block my way
Don't make excuses for my actions. Don't you dare deny my
existence

No matter where I go it's a dead-end
Dead-end. Dead-end. Dead-end (I'll destroy it.)
This path will surely lead to another dead-end
Dead-end. Dead-end. Dead-end (I'll destroy it.)
