

oh what the f\*\*k is this thing  
I pictured four wheels  
I can't ride that  
I'm reading the warning  
Jimmy takes over and says f\*\*k that  
because it reminds him so much  
of snowboarding  
don't even think of bailing cause  
it doesn't have a break  
watch out for the trees  
they can be nasty  
if miscalculate the line that you take  
face in the dirt your mates  
are all laughing

golf courses, smart park  
mt bipta take me back  
that school in south Frankston  
and old Jimmy's black hard pack  
we're taking over your park  
better go there after dark

when we walk up to the park  
better grab your dog, pack up  
the picnic basket  
yo we're not asking  
lovers rollin on the grass  
better watch ass  
as we're rollin by  
because you're going to fuckin die  
fuckin die because you're going  
to fuckin die  
yeah you're gonna die gonna die  
we're taking over
