3 Doors Down

I've dreamed about this, Sixteen days away Now you're here, And my head lays besides your body, Pillowed under mine You were poison, Spinning round my mind Welcome to my world She said, do you feel Alive she said It's all a bad dream, Spinning in your lonely head, Welcome to my world, She said, separated world, She said, separated, Down poison, Down poison, Body withered, Body died, Time to take away this life Bad enough to die from one, Not to mention Four or five Welcome to my world She said, do you feel alive she said It's all a bad dream, Spinning in your lonely head Welcome to my world she said, Separated world, She stayed separated Down poison, down poison Down poison, down You weren't there for me, I was there for you You weren't there for me, I was there for you You weren't there for me, I was there for you You weren't there for me, I was there for you You wouldn't die for me, I've already died for you You wouldn't die for me, I've already died for you You wouldn't die for me, I've already died for you You wouldn't die, you wouldn't die, you wouldn't die!
