

# Fell from the Moon

## 3 Doors Down

I fell to the earth below  
And I heard everyone that I know  
Well it's gonna be hard  
And it's gonna leave scars  
Somedays were born to lose  
Today, I fell from the moon

I don't know how to get back  
Or how to make up for all that I lack  
But I'm gonna get there and I'm not gonna be scared  
I got so much to prove  
Today, I fell from the moon

Cause I, I flew above the earth some  
I've danced under the warm sun  
I've watched the stars light up a room  
And now, I hope the heavens help me  
I pray that they might let me back  
But if they don't then what will I do?  
Today, I fell from the moon

I don't know where I belong  
Or how long they say I've been gone  
But I'm gonna be strong  
And try to find my way home  
That's all that I can do  
Today, I fell from the moon

Cause I, I flew above the earth some  
I've danced under the warm sun  
I've watched the stars light up a room  
And now, I hope the heavens help me  
I pray that they might let me back  
But if they don't then what will I do?  
Today, I fell from the moon

Today, I fell from the moon
