

We are Earth people  
We choose more advance yeah  
Deeper to our heritage  
Don't tell we are the best

Get it back  
Get it back  
By the magic that you lack  
Manifest it  
It will not go away yeah  
Take it back  
Take it back  
Lift the secrets off the backs  
This is your world  
Let's keep it that way yeah

You're faking each other baddest you had to live  
And your ego just has got to give it up son  
Take a look at your world  
Pollution all around  
Let's start by getting rid of all the oil corporations

All we left inside  
Until rises are bad  
Nature takes it course  
There will be plenty to be had

Get it back  
Get it back  
By the magic that you lack  
Manifest it  
It will not go away yeah  
Take it back  
Take it back  
Lift the secrets off the backs  
This is your world  
Let's keep it that way yeah

You're faking each other baddest you had to live  
And your ego just has got to give it up son  
Take a look at your world  
Pollution all around
