

I only know you by reputation  
It's time I found out face to face  
'cause if your sugar, I'll fight temptation  
But if you're poison, I need a taste

(1st Chorus)

Girl, I heard you're Trouble with a capital "T"  
One look in your eye spells trouble to me  
We're talkin' danger, just too blind to see  
You're Trouble just waitin' to happen to  
me!...Trouble...I'm talkin' Trouble!  
I'm not the first, no, I've got to face it  
But I ain't the last to take the bait  
A silver spoon hangs on your bracelet  
T-R-B-L on your license plate

(2nd chorus)

Girl, I heard you're Trouble with a capital "T"  
I'm new here in town, come on and spell it out for me  
We're talkin bad news, I been too blind to see  
You're Trouble just waitin' to happen to  
me!.....Trouble.....  
...you're gettin closer, baby  
....I see Trouble..  
....Trouble's comin over me....  
...Yeah, with a capital "T"  
T-R-O-U-B-L-E...it's Trouble!

I only know you by reputation  
It's time I found out, baby, face to face  
'cause if your sugar, I'll fight temptation  
But if you're poison, I need a little taste  
Tell me, baby, how bad is bad  
How mad is mad

Girl, are you all that they say  
Yeah, just one touch, is a touch too much  
Just one hit goes straight to my head

(3rd Chorus)

Girl, I heard you're Trouble with a capital "T"  
One look in your eye spells trouble to me  
We're talkin' bad news, I been too blind to see  
You're Trouble just waitin' to happen to me!...  
We're talkin Trouble...  
Bad news....(...yes I'm a victim)  
Oh, you're Trouble just happens to me...(here she  
comes!)
