

# The Tongue Song

## 4 Strings

You here the Strings nigga  
On this flip side of this thong shit  
This is what bitches talk about  
What niggaz need to do  
With whats in the thong  
Ya heard me, uh yo, check it out

This might sound so scandalous  
But its the truth and men can't handle it  
See most of the time a nigga's dick ain't shit  
Need to go a step further and lick the clit (uhh)  
Keep lickin till you hit my spot  
Nigga fuck all the juice in the booze you pop  
She gets no skin just comin from cock  
Put your face all in my chocha  
cuz I'm gon get a nut nut nut  
Head like what, what, what,  
Hands up in my butt, butt, butt  
You need to lick it again  
cuz I'm gon get a nut nut nuh  
Head like what, what, what,  
All night long  
Work the tongue  
Work the tongue (come on come on)

I like it when the niggaz go dun-nuh duh-nuh  
The way you make my pussy go duh-nuh duh-nuh  
I know you wanna hear this song duh-nuh duh-nuh  
Give me that Tongue, Tongue, Tongue, Tongue,  
I like it when you lick it slow dun-nuh duh-nuh  
The way you make my pussy go duh-nuh duh-nuh  
I know you wanna hear this song duh-nuh duh-nuh  
Give me that Tongue, Tongue, Tongue, Tongue,

This might sound so scandalous  
But is true that men can't handle it  
See most of the time a nigga dick ain't shit  
Need to go a step further and lick the click (uhh)  
Keep lickin till you hit my spot
