## 2 Fisted

## 40 Below Summer

Here we come gonna shake up the earth Here we come gonna kick up some dirt Here we come hide your women and your weed Here we come and we spread like disease Here we come with the funk rain sleet hail snow Here we come with the funk its time to let you know Here we come fill the air like a shotgun blast Kick in your face than take out the trash

Why cant you believe in the words don't you ever listen Now do you believe that we won't go away What can you believe in the words we won't go away

Step off I can't take it step off I'm deranged Step off I can't fake step off before I go Insane

Blowing up like you knew that we would River rat style gonna give it to you good Running ya down when I take to extremes Whipping that ass like Austin 316 Who can ignite give it to ya right Shake up the ground all God damn night Kapow how ya like me now Burning hot going off like kaklow, kaklow

Why cant you believe in the words don't you ever listen Now do you believe that we won't go away Why can't you believe in the words we wont go away

Step off I can't take it step off I'm deranged Step off I can't fake step off before I go Insane

Step off I can't take it step off I'm deranged Step off I can't fake step the fuck off

Nothing you could take from me Even if you make me bleed, I won't drop Step off - you can't take me down Leave you buried in the ground I wont stop [Repeat] I'm straight at you 2 fisted.

Aw yeah, gonna flex for you This is the way I bring wreck and snap necks in two Bad ass, crazy bastard One, two, mike check, the lyrical assassin Heads up when the sound comes crashing Like a train wreck to the heads that we done smashed in. Hard like the man of steel You steppin up you get crushed beneath the wheel (what?) Ya better change your direction Step back and get some protection You don't want none of me I see that look in your eyes like I'm a side show freak
