

Spill these lies all you ever want to do is  
Fill these eyes With tears it's all you need to do to  
Magnify Everything about you is to justify  
To feel my pride  
Ready to catch a fistful  
Now I'm coming at ya like the crack of a pistol  
Duck! Said ya run out of luck  
Everything about you sez I don't give a fuck  
You don't know what the pain does to me on my knees in a world  
where  
I can barely breathe  
And did you think I'd let you get away  
From just a piece of the pain that you left me with  
Everyday  
Spin your hate all I ever needed was to  
Demonstrate You and all your fucked up rules  
I cant relate Every time I try to leave  
I cant escape I see your face  
Ready to catch a fistful  
Now I'm coming at ya like the crack of a pistol  
Duck! Said ya run out of luck  
Everything about you sez I don't give a fuck  
You don't know what the pain does to me on my knees in a world  
where  
I can barely breathe  
And did you think I'd let you get away  
From just a piece of the pain that you left me with  
Everyday  
Taste this anger ripping you open  
Impending danger something you lost  
Can I have a moment of silence  
And now your gone  
Get off get off coming up behind you  
Get off get off coming to remind you  
Get off get off don't you test me  
Get off get off get off get off [repeat]
