

Another Love Song

88 Fingers Louie

Last night I came home found you sleeping on the couch
Have you been waiting up all evening
I could've sworn that I saw tears flow from your eyes
What's this emotion that I'm feeling

I wrote a love song for you not for myself
A silly love song I don't want nobody else
I wrote a love song for everyone to see
A little love song to get you to stay with me

Over the years we've seen some good times and the bad
We've always ended up together
In the end I hope to see you when it all comes crashing down
Don't want to fool myself it's you I'll love forever

I got me a crazy tempter that I already know
I don't want to think about that now
Let me reassure you baby I'm here till the end
That's what I wrote this stupid song about

I wrote a love song for you not for myself
A silly love song I don't want nobody else
I wrote a love song for everyone to see
A little love song to get you to stay with me

I wrote a love song for you not for myself
A silly love song I don't want nobody else
I wrote a love song for everyone to see
A little love song to get you to stay with me
