

Fly With Me

98 Degrees

So won't you fly with me
I wanna make you feel alright
Alright with me
Let me mend your broken wings
And set you free, girl it's alright
Girl can't you see

Let me take you to a place
That you've never seen,
Never been, only dreamed
Where I can take away all of your pain
Girl I promise that
You'll never hurt again, yeah

And I can make you feel
The world belongs to you
You're the one, all I need
And you know that it's true

Let me turn your night to day
Let me be the one to bring innocence
I know it must be hard
for you to see things clear
But baby you've got nothing to fear
Oh no

Together we can touch the moon
And kiss the sky
Make you feel how I feel
When I look in your eyes, oh yeah

All I need in my life
Is you at my side, girl
(You at my side girl)
Let me be the one
(Let me be the one)
To hold you close
Your hand in mine girl
And together we'll fly
