## A Broken Silence

HOOK

And you could be the one that saves me, living in my world you  
know its  
crazy, I feel the truth confirming lately, you could break me o  
ut this  
daydream.

And you could be the one that saves me, living in my world you  
know is  
crazy, I'm thinking now girl... just maybe, you could break me ou  
t this  
daydream.

VERSE 1

This is my lane, please you won't change me, these lyrics gaze  
deep, target  
main themes, far from mainstream, best to pave roads, whether w  
e stay broke  
or destined for payloads. I've been wasteful lord is my witness  
. Stayed  
shit faced, burnt all of my bridges, felt my brain was borderli  
ne twisted,  
so far from sane when your at a distance.

HOOK

VERSE 2

Iv got a thirsting for the worst things, I should be working, I  
'm on my  
third drink. But im gonna turn things that's for certain, hit m  
y straps  
when they pull back that curtain Cursing cause gee I got squat  
now, still  
your pushing me my dreams is your lot now, most weeks I'm leavi  
ng to rock  
crowds, no sleep you see, its one shot now. F the old route it'  
s snap the  
moulds now, man these cul-de-  
sacs and traps be my home grounds. Never sold

out, but can we hold out, give it another crack, try and pan so  
me gold out.  
So the loads now bigger than I thought and my remedies been dri  
nking till  
I'm warped, future id see was vivid in my thoughts and when it  
blinded me  
you'd steer me the right course.
