

# Such A Bad Comedown

A Camp

I danced for a while  
And my moves  
Would make you smile  
Oh, I loved you then  
My dear chemical lover

You veiled me in your haze  
Like a puppet in your lace  
Amazing disgrace  
From your  
Siverspoon substance

You took me away  
Made Monday a Saturday  
You stained me with love  
And left me in dirty laundry  
But I left my ground  
For a minute

Your body in my veins  
Your power is what remains  
You know I never had  
Such a bad  
Bad comedown

You took me away  
Made Monday a Saturday  
You stained me with love  
And left me in dirty laundry  
But I left my ground  
For a minute

My oh my  
You took pride  
In my fuck-up

I've been cursed  
And I've been hailed  
I have blown it  
And I've inhaled  
But I never had  
Such a bad  
Bad comedown

Such a bad  
Bad comedown  
Such a bad  
Bad comedown
