

Every Little Step

Aaron Carter

Ooooh...

Ooooh we'll be together

Every little

Every little step I take

Every little

Every little step I take

Every little

Every little step I take

Every little

Every little step I take

I can't sleep at night..

I toss and turn

Listen for the telephone

When I get your call

I'm all choked up

Can't believe you called my home

And as a matter of fact

It blows my mind

You would even talk to me

Because a boy like you

Is like a dream come true

A real life fantasy

No matter what your friends try to tell ya

We were meant to fall in love

And we will be together

Any kind of weather

It's like that

It's like that

Every little step I take

You will be there

Every little step I make

We'll be together

Every little step I take

You will be there

Every little step I make

We'll be together

I can't sleep at night

I toss and turn

Listen for the telephone

When I get your call

I'm all choked up

Can't believe you called my home

And as a matter of fact

It blows my mind

You would even talk to me

Because a boy like you

Is like a dream come true

A real life fantasy

No matter what your friends try to tell ya

We were meant to fall in love

And we will be together
Any kind of weather

Its like that
Its like that

Every little step I take
You will be there
Every little step I make
We'll be together
Every little step I take
You will be there
Every little step I make
We'll be together

Every little
Every little step I take
Every little
Every little step I take
Every little
Every little step I take
Every little
Every little step I take

No matter what your friends try and tell ya
We were meant to fall in love
And we will be together
Any kind of weather
Its like that
Its like that... girl!

Every little step I take
You will be there
Every little step I make
We'll be together
Every little step I take
You will be there
Every little step I make
We'll be together
