

Washed Away

Aaron Gillespie

Let Your water rise
'Till we're drowning here in You
Capsize us in the tide of Your grace
So let Your spirit soar
Like a banner over us
Please God of love, come into this place

Draw us close, closer than before
There's nothing else we want more

Just to see Your face
And to feel Your embrace
Wrap us with Your love and mercy
Come fill us, we're so thirsty
For Your touch
God, we need You so much
Let your glory fall like rain
Until we're washed, washed away in You
Jesus
I'm washed away in You

So let Your music play
We wanna dance with You
There's nothing like Your song over us
So we Your children sing
We join the melody
And with all of heaven we cry out

You are Holy Lord God Almighty
We are desperate, we are so hungry

Just to see Your face
And to feel Your embrace
Wrap us with Your love and mercy
Come fill us, we're so thirsty
For Your touch
God, we need You so much
Let your glory fall like rain
Until we're washed, washed away in You

Holy, Holy Lord God Almighty
You were, You are, and You are to come
Holy, Holy Lord God Almighty
You were, You are, and now we've come

Just to see Your face
And to feel Your embrace
Wrap us with Your love and mercy
Come fill us, we're so thirsty
For Your touch
God, we need You so much
Let your glory fall like rain
Until we're washed, washed away in You
