

## Thirst For Blood, Hunger For Flesh

Abscess

Your frantic screams arouse my lust  
as they become more shrill  
my demon seed is spilled

I thirst for your blood and I hunger for your flesh  
I taste you as you're fading in and out of consciousness  
gnawing at your tender flesh my fingers probe you deep  
red razor stripes send you into crimson sleep

your sexy bleeding eyes can't now see  
My lips slick with your blood  
I'm lapping at your face  
Just like a rabid lusting dog

I thirst for your blood and I hunger for your flesh  
I taste you as you're fading in and out of consciousness  
gnawing at your tender flesh my fingers probe you deep  
red razor stripes send you into crimson sleep

Savage slicking of the blade - Clint Bower  
Perverse blood intoxication - Joe Allen

The doors of death open for you  
but before you reach the other side  
I shall detain you for a while  
Flaying off your ruined hide

The hunger deepens - Danny Coralles

Your life it drains away  
but you've become a masterpiece  
Your final chokes turn into gargles  
Drowning on my seed

I thirst for your blood and I hunger for your flesh  
I taste you as you're fading in and out of consciousness  
gnawing at your tender flesh my fingers probe you deep  
red razor stripes send you into crimson sleep
