By the sevenfold process, V.I.T.R.I.O.L reigns
No one can distress its southern point
By the evidence, nature delivered two
No one can disrupt their dual symmetry

Stare towards the heart - stare at the stone
Your eye unveiled - your nucleus
Writhe on the mace - skim on the throne
Your vessel sealed - your inmost light

They are Mercurial, active, both close at hand
It is balance of the hidden stone
One must never know more than the other
It is of knowledge: Prima Materia

Chorus
Saturn follows lead - ABRAXAS of draught
Eye of Asaru
Seventh is the root - Vitriolistic base
The triad and the position of Stone
Saturn follows lead - ABRAXAS of draught
Seed of Asaru
Seventh is the root - Vitriolistic base
The formulary of Tria Prima

Heart of bullion - the golden sun
The silver moon with distinct brow
Crown of the crown - thee - Mercury
Jupiter's tin knifed in navel
Ironed by the rouge, sacral Mars
Throat of Venus glazed with copper

Repeat Chorus
