

# There Is No Other

Acappella

Chorus:

There is no other name  
There is no other name  
Under heaven given to men  
By which we must be saved  
There is no other name  
There is no other name  
Every tongue will confess  
The blessed name of Jesus

There is one who can heal the diseases of the body  
There is one who can heal the diseases of the soul  
Others try and pretend that they have this kind of power  
But there's no other name that you really need to know

Repeat Chorus

In the name of the Lord we have found complete redemption  
In the name of the Lord we have hope beyond the grave  
And there's no other way to be sure we're bound for heaven  
There is no other name with the awesome pow'r to save

Repeat Chorus

Every tongue will confess  
The blessed name of Jesus
