A thousand years from now on The flame of life's gone out The earth - a frozen wasteland No living trace - no sounds

The world did die in anguish
The ashes turned to dust
Fire and ice - blackness of night
Man's evolution has lost

Don't tell me that we didn't know And that we haven't been told The final s.o.s. we all ignored

We've seen the writing on the wall The writing on the wall

The science of the madman Was getting out of control For every creature comfort There is a heavy toll

We turned on mother nature Stabbed her deep in a back We ripped out her lungs - poisoned her veins Internal acid attack

Don't tell me that we didn't know And that we never been told The final s.o.s. we all ignored

We've seen the writing on the wall The writing on the wall Seen the writing on the wall

I'm just painting a picture
Of how it could be
But time's running out - the clock's ticking down
You're not blind - can't you see

Don't tell me that we still don't know And that we're not being told The final s.o.s. we shouldn't ignore

Just read the writing on the wall The writing on the wall Read the writing on the wall The writing on the wall
