

Told My Ma

Ace Of Base

[Chorus]

I told my ma, about the town I love so well
I told my ma, about the town I love
My time will come, raising up my family
I told my ma, about the town I love

I'm leaving for an island, way down in the south
where the roads are curved and dusty with no names
The people's so inviting, they're smiling everywhere
With a tempo I can share

[Chorus]

I'd like to get together, where there's samba in the streets
in a tropical favela to the beats
in Santa Catarina, a hot summer night
are you ready, to ignite?

[Chorus]

I said
Oh oh hungry eyes, hungry eyes
My apprise, all for you
Oh, hungry eyes
Until the morning's arise

[Chorus x2]
