Vision in Blue

Ace Of Base

Someone in this room is the right one for me
But how can it be that I cannot see
I'm biding my time
While drinking my wine
oh-wah-oh

I'm gonna be free this weekend, so free.
I'm showing off my liberty
Get ready to play
You making my day
I'm finding a way

But when the night time is all over I'm all alone
I'm advancing and I'm dancing with myself

[Chorus]
A vision in blue
Forever young
A token so true
My Koh Phangan [4x]
I see you dancing in front of my face
Your body is moving to the trace of the chase
I'm flashing for you
A bright light in the night (for you)

I'm gonna be me, myself and I
Losing the rhythm that's my goodbye
I'm feeling the heat
Complete with the beat
I'm playing discreet

But when the night time is all over I'm all alone
I'm advancing and I'm dancing with myself

[Chorus]

A vision in blue [repeated and ad-libbed]

[Chorus (with ad-libs):]

A vision in blue
A vision in blue
