

Waiting For Magic

Ace Of Base

Kiss me baby I am snow white sleeping in a coffin
Waiting for you - Waiting for magic
Baby I am snow white sleeping in a coffin
Waiting for you - Waiting for Magic

A man of the world but lost in a dream
You look at something from a different angle
But I exist I'm waiting for you
In a coffin made of glass

Kiss me baby I'm attractive
Baby get to know me
Show who you are
Give me that magic
Baby I'm eternal
Lying in a coffin
Waiting for you

In your dream a girl is dancing close to you (that girl is me)
Once a witch made her sleep but a prince will wakr her up that's you

Kiss me baby...

In the tale is the place to find her
Reach out to get to know her
It means so much to me
The meaning of the book

Oh, kiss me baby wake me up
Oh, kiss me baby wake me up
Join the story of the fairytale
Believe the dream you will not fail
Oh, kiss me baby wake me up

Kiss me baby...
Waiting for magic it's what I do
Waiting for magic for me and you
Oh, kiss me baby wake me up

Cought in a dream how lucky you are
You can see me I'm the girl behind you
So open your eyes and turn around
And watch me dancing join the fairytales

Kiss me baby...

You cannot reach her on the planet
That scientist want to call earth
But if you use your imagination
You will see her
You will find her in your dreams

I see no shadows in my dreams
It is something so romanitic
I can tell it's for real you'll see
