

# The Payback

## Acid Drinkers

I can't say I feel strong  
Or absolutely calm  
I've been told many times  
His payback would do harm  
They said that one fine day  
Persistent as they were  
No doubt he would repay  
He meant business right there

I've said a hundred times  
That I ain't gonna make  
This planet full of slime  
A nice and friendly place  
My point of view is firm  
I don't give a rat's ass  
Who knows me well confirm  
Illusions cannot last

Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake  
Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake

Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake  
I am sentenc'd with no trial  
No jury, no defence  
Your livin' in denial  
Was my great offence

Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake  
Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake

I am sentenc'd with no trial  
No jury, no defence  
Your livin' in denial  
I am sentenc'd with no trial  
No jury, no defence  
Your livin' in denial!

Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake  
Some wild wind I willll reap

If that's the road I take  
But I plan to fall asleep  
As many times as wake  
Some wild wind I willll reap  
If that's the road I take  
But I plan to fall asleep  
As many times as wake  
As many times as wake
