

# Ungiven

## Adamantra

Like cast down  
from heaven  
There is silence in my heart  
I'm waiting  
for redemption  
and whispering  
a silent prayer  
for my soul

Ungiven forever  
everlasting fire  
The paradise  
it is over  
The holy souls  
are bought with silver coins  
curse you all

Tell me why  
you shun forever  
Trusting man-made prophecy  
Tyranny  
of the unholy  
Following the blind  
into the abyss  
Into the darkness

Sacrificed  
for a peace of mind  
and empty hollow fantasies  
One buries  
the inner child  
and shed a tear  
in vain  
Breaking the innocence  
denying self  
for others  
Brave son of fortune  
always remembered

Turning the next page  
Back to the square one  
Where it begins

Tell me why  
you shun forever  
Trusting man-made prophecy  
Tyranny  
of the unholy  
Following the blind  
into the abyss  
Into the darkness

Hell  
lurking beneath  
behind a smile  
rearranging the lie  
Frail

fragile like fool  
bending belief  
disappearing for good  
Cold breeze  
in the east  
immortal fire  
unrepenting and free  
Carry my spirit away  
from a land of dismay  
to the hall of creator

I am awakening  
opening my eyes again  
I will be making amends  
to myself  
giving up...
