You say it's all in my head and the things I think just don't make sense So where you been then, don't go all coy, don't turn it round on me like it's my fault See I can see that look in your eyes The one that shoots me each and every time

You grace me with your cold shoulder Whenever you look at me I wish I was her You shower me with words made of knives Whenever you look at me I wish I was her

These days when I see you,
you make it look like I'm see-through
Do tell me why you waste our time,
when your heart ain't in it, and you're not satisfied
You know I know just how you feel
I'm starting to find myself feeling that way too

## Chorus

Time and time again, I play the role of fool (Just for you) Even in the daylight when you think that (I don't see you) Try to look for things I hear but our eyes never find Though I do know how you play
