

# Needles

Adema

Do you want to live?  
Do you want to live?  
Do you want to live?  
Do you want to live?  
Do you want to live?

I know this girl with a needle in her arm  
The red dragon walking circles through her soul  
Chases dragons to appease the tracks upon her soul  
Cooked the shit twice today to shut out all the pain

I can't take it anymore, I can't take it anymore  
Take this needle through my vein, take it through my vein  
All I do is pain, all I do is pain  
There is nothing left but bloodstains

The tracks you have they tell the tale  
Of what your Hell on earth would feel  
Do you want to live? Do you want to live?  
Let the needle fly away remove it from your life  
Do you want to live or do you want to die?

I can't take it anymore, I can't take it anymore.  
Take this needle through my vein, take it through my vein  
All I do is pain, all I do is pain  
There is nothing left but bloodstains

When it all comes down, you're the one thing in your life  
And you make the world that we hate inside  
Everything is crying on me, it's gone  
I've been gone, you are gone

I can't take it anymore, I can't take it anymore  
Take this needle through my vein, take it through my vein  
All I do is pain, all I do is pain  
There's nothing left but bloodstains

Does everyone have answers, problems  
Everybody has answers, problems  
Problems  
Problems  
Problems
