

# Bold as Love

Adore Delano

My walls are crashing down  
And I can feel the light of day  
The sun is shining down on me (down on me)  
I fought through all the doubt  
I walked the fire for a flame  
It's burning more than yesterday

(Come with me)  
(Come with me)  
(Come with me)  
(Come with me)

Bold as love  
We're bold as love  
Can't get enough  
We're bold as love

I'm standing at the top  
You thought you'd got the best of me  
But there was so much more to me (more to me)  
I'm never gonna stop  
Cause nothing good comes easily  
I picked up every piece of me

(Come with me)  
(Come with me)  
(Come with me)  
(Come with me)

Bold as love  
We're bold as love  
Can't get enough  
We're bold as love  
Love, love, love, love  
Love, love, love, love  
Love, love, love, love

My walls are crashing down  
And I can feel the light of day  
The sun is shining down on me

(Come with me)  
(Come with me)  
(Come with me)  
(Come with me)

Bold as love  
We're bold as love  
Can't get enough  
We're bold as love  
Love, love, love, love  
Love, love, love, love  
Love, love, love, love
