1. You really want to freak me out, now dontcha'
   Dontcha' turn off the lights
   A chill is in the air, I know we're gonna'
   Gonna' bump in the night
   A shiver down my spine won't keep me from it
   Cause I'm here for the scare
   A spooky kind of crazy, doesn't cut it
   You bitches better beware
   Yeah!

   And he's knockin' for me
   The mummy's out the tomb, and there's no stoppin'
   C'mon I'm ready to scream
   The zombies in the room are gonna' eat up
   Gonna' eat up our brains
   No way to run and hide, they're gonna' find us
   Let's give em' all they can take
   Yeah!
