

Black Sabbath Medley

Adrenaline Mob

I. Into The Void

Rocket engines burning fuel so fast
Up into the night sky they blast
Through the universe the engines whine
Could it be the end of man and time?
Back on earth the flame of life burns low
Everywhere is misery and woe
Pollution kills the air, the land and sea
Man prepares to meet his destiny, yeah

Rocket engines burning fuel so fast
Up into the black sky so vast
Burning metal through the atmosphere
Earth remains in worry, hate and fear
With the hateful battles raging on
Rockets flying to the glowing sun
Through the empires of eternal void
Freedom from the final suicide, yeah

II. Sabbath Bloody Sabbath

You've seen life through distorted eyes
You know you had to learn
The execution of your mind
You really had to turn
The race is run the book is read
The end begins to show
The truth is out, the lies are old
But you don't want to know

Where can you run to
What more can you do
No more tomorrows
Life is killing you
Dreams turn to nightmares
Heaven turns to hell
Burned out confusion
Nothing more to tell, yeah

Everything around you
What's it coming to
God knows as your dog knows
Bog blast all of you
Sabbath Bloody Sabbath
Nothing more to do
Living just for dying
Dying just for you, yeah

Killing yourself to live

Killing yourself to live
Killing yourself to live
To live
