

# Stand Up

Adrienne Bailon

Whatcha waitin' for yo  
Everything is here and now, all around  
So don't be shy it's time to party

Get your back up off the wall  
You know what ya came here for, for sure  
So don't be late let's get it started

Lean back, walk it out  
Two steppin's what it's all about  
Uh c'mon, rock with it now

Stand up now everybody  
Stand up and celebrate  
Make now the best time of your life  
That's right  
Stand up and feel the rhythm  
Stand out in your own way  
You'll never really know until you try  
So let me see ya stand up  
Oh-oh, oh-oh, oh-oh, stand up  
Oh-oh, oh-oh

Open invitation  
Now you're ready set and go, you know  
This party's gonna be the drop off

East, West, North and South  
Everybody in the house, come on  
'Cause once we start  
You know we don't stop

Lean back, walk it out  
Two steppin's what it's all about  
Uh c'mon, rock with it now

Stand up now everybody  
Stand up and celebrate  
Make now the best time of your life  
That's right  
Stand up and feel the rhythm  
Stand out in your own way  
You'll never really know until you try  
So let me see ya stand up  
Oh-oh, oh-oh, oh-oh, stand up  
Oh-oh, oh-oh

Oh-oh, oh-oh, oh, oh, oh, oh  
Oh-oh, oh-oh, oh, oh, oh (3x)

Stand up now everybody  
Stand up and celebrate  
Make now the best time of your life  
That's right  
Stand up and feel the rhythm  
Stand out in your own way  
You'll never really know until you try

So let me see ya stand up  
Oh-oh, oh-oh, oh-oh, stand up  
Oh-oh, oh-oh

Everybody stand up!
