

# This Hot

Adrienne Bailon

I can do me all on my own  
Baby, please believe it  
Young, fly, flashy  
Switch my wardrobe every season  
Now he wanna holler  
Make it hard to find a reason  
Cause I know I'm hot  
And I know you see it

Give me a break  
Shoot me the game  
Tell me your name  
I'm not like the rest  
She might be hot  
But we not the same  
I ain't got it for cheap  
I'm like the sun  
Dry up the rain  
If you get it from me  
That means I gave it to you

Cause when you this hot  
You ain't gotta do nothing but  
This hot, you ain't gotta say nothing but  
This hot, dance up on him, make that booty  
This hot, this hot

I know you used to them quick chicks  
Saying boy come and see me  
I'm still trying to pencil  
You in before the weekend  
You riding big, I'm in them same cars  
Willing to give it to you  
Gotta be up on your game, dude

Give me a break  
Shoot me the game  
Tell me your name  
I'm not like the rest  
She might be hot  
But we not the same  
I ain't got it for cheap  
I'm like the sun  
Dry up the rain  
If you get it from me  
That means I gave it to you

Cause when you this hot  
You ain't gotta do nothing but  
This hot, you ain't gotta say nothing but  
This hot, dance up on him, make that booty  
This hot, this hot

Cause when you this hot  
You ain't gotta do nothing but  
This hot, you ain't gotta say nothing but  
This hot, dance up on him, make that booty

This hot, this hot
