Hypnotized by this endless summer Filled with nothing I keep with me Won't let them take this nothing from me Won't let you waste my time for me

I've been a good boy so give it to me And keep your brothers away from me They know I took it, they're coming for me Now I can hear them following

We talked about it for days
It's not supposed to happen this way
Ohh

Don't believe it's getting cold Don't suppose I'm getting bold Shove my head against the door Crawl inside and kiss the floor

Waiting for the sun again Drink it, smoke it, stick it in Drink it, smoke it, stick it in Drink it, smoke it, stick it in

If I were going down
Taking everybody else around
If I were going down

Don't believe it's getting cold Don't suppose I'm getting bold Shove my head against the door Crawl inside and kiss the floor Waiting for the sun again

Drink it, smoke it, stick it in Drink it, smoke it, stick it in Drink it, smoke it, stick it in Yea yea, yea yea, yea yea Yea yea, yea
