## **Heavens's Coffin**

## Agathodaimon

Deep into the darkness peering Long I stood there fearing Dreaming dreams no mortal ever dared to dream before... But the silence was unbroken And the stillness gave no token And the only word there spoken Was the whispered word: "Veritas" This the dark whispered And an echo murmured back the word Merely this and nothing more!

Fools and faith conspire Questions of desire That they never owned before Kings without their armour Men without their honour We all slip into oblivion

We are the dark inside the night The ghosts about which the poets write And the dreams that night's embrace That slowly leave without a trace...

O! Suflet, sparge-odată îngusta-ți închisoare Și scutură-te-odată de lutul pământesc!

Vreau să m-agăț de tine, spre cer năvală dând, Cum viermii de-un cadavru se-agață mișunând!
