

# Can I Be Your Lover

Air Supply

Rest your head on the Earth  
For to me, you are worth  
More than life can give  
And I will love no other.

For as long as I live  
And beyond, I'll be with you.  
Can you trust in me?  
Can I be your lover?

If the sun could not burn  
If the world should not turn  
I would still have you  
Always to discover.  
Can you trust in me?  
Can I be your lover?

Rest your head on the earth  
For to me, you are worth  
More than life can give  
And I will love no other.

Can I be? can I be?  
Will you lie next to me?  
Will you be my love?  
Can I be your lover?  
Will you take my hand?  
Can I be your lover?

Rest your head on the earth  
For to me, you are worth  
More than life can give  
And I will love no other.  
Can you trust in me?  
Can I be your lover?

Gone is the reason and why  
Ever more, lost am I.  
Till someday, but who knows where or when.

If the sun could not burn,  
If the world should not turn,  
I would still have you  
Always to discover.  
Can you trust in me?  
Can I be your lover?

Just a word, just a day.  
Can I be? can I be?  
Will you lie next to me?  
Will you take my hand?  
Can I be your lover?

Will you trust in me?  
Can I be your lover?

Can I be? can I be?

Will you lie next to me?  
Will you be my love?  
Can I be your lover?

Will you take my hand?  
Can I be your lover?
