

Eternal Eyes

Airged L'amh

There can be, only one survivor
He who'll stand, this final hour
A conflict of immortals-The call of the quickening

Our sleepless eyes are watching you
Disguised-The ones that fallen
With swords in hand they're lingering onwards the final
path

[Chorus:]
So fight on, throughout the ages,
You have entered the hall of the damned
Fight on, breathe the wind of the end (2x)

Headless their souls are taken all
An honoured death forsaken
The price of eternity, it's the final showdown

In times of darkness and of light
A sign-Struck of thunder
Reminding destiny to all, it's the call...

[Chorus:]
So fight on, throughout the ages,
You have entered the hall of the damned
Fight on, breathe the wind of the end (2x)

Breathe the wind of the end...
