Eternal Eyes

Airged L'amh

There can be, only one survivor He who'll stand, this final hour A conflict of immortals-The call of the quickening Our sleepless eyes are watching you Disguised-The ones that fallen With swords in hand they're lingering onwards the final path [Chorus:] So fight on, throughout the ages, You have entered the hall of the damned Fight on, breathe the wind of the end (2x) Headless their souls are taken all An honoured death forsaken The price of eternity, it's the final showdown In times of darkness and of light A sign-Struck of thunder Reminding destiny to all, it's the call... [Chorus:] So fight on, throughout the ages, You have entered the hall of the damned Fight on, breathe the wind of the end (2x) Breathe the wind of the end...
