

# Raging Waters

Al Jarreau

Lovers cross the raging waters  
Lovers walk the burnin' sand  
Lovers stop the time in order  
To take the moment in their hands  
Lovers toss away a kingdom  
Lovers abdicate the crown  
Lovers fight for love and freedom  
Breakin' the chains that hold'em down

You gotta keep on  
Lovin' lovers  
You gotta keep on  
Didn't I say

Everyone is frantic the antics  
become bizarre  
Every last romantic's been  
banished to some cold star  
Never again expire, be tired  
and given in  
I'm gonna take my lover discover  
the promised land  
I'll say that

You gotta keep on  
Lovin' lovers  
You gotta keep on  
Touchin' others  
You gotta keep on  
Lovin' lovers  
You gotta keep on  
Didn't I say
