

## Sad Lookin' Moon

Alabama

I thought that you could fly  
I thought that you had wings  
I guess that I believed  
You'd never say goodbye  
But my world stopped turnin' 'round  
The stars turned upside down  
It knocked me to the ground on my knees

Now there's a sad lookin' moon  
Shinin' down on me  
There's a sad lookin' sky  
As far as I can see  
I always believed  
And I thought the stars could see  
But there's a sad lookin' moon  
Shinin' down on me

I shared with you my dreams  
I gave you everything  
I opened up my heart  
And I gave you my ring  
Well I spent days and nights  
Just thinkin' about the time  
When you would be mine all my life

Now there's a sad lookin' moon  
Shinin' down on me  
There's a sad lookin' sky  
As far as I can see  
I always believed  
And I thought the stars could see  
But there's a sad lookin' moon  
Shinin' down on me

There's a sad lookin' moon  
A sad lookin' moon  
There's a sad lookin' moon  
Shinin' down on me
