

## Damned For Ever

Alastis

You've created me for serving you  
I'm the fruit of your hate the flaw of your soul  
I'm living thanks your stupidity  
You've created me, I'll destroy you.

Damned of live, banished of death  
I'm the nightmare, I'm the hate  
I'm violence, I'm baseness  
I'm the master, you're slaves.

One day you'll listen to me too  
Then I'm the one who sleeps in you  
The one who scoffs at your faith  
I'm the calvary of this world  
A plague for humanity  
And nobody can mean me harm  
Then I'm the evil
