

Victory At Monterey

Albert Hammond, Jr.

She's got buttons with their names on it
Those sounds, well they tell you everything
And it all goes back again
Well, and it all goes back again

I said, "Victory at Monterey"
She said, "Won't you come down and play?"
That's sad, you didn't win anything
That's sad, victory at Monterey

Happy, man I got lost in you
Well I'm always, always gonna find you
I'm so glad now that I have you back
Happy, happy 'cause I know it's true
Now that I have you back

I said, "Victory at Monterey"
She said, "Won't you come down and play?"
That's sad, you didn't win at anything
That's sad, victory at Monterey

I said, "Victory at Monterey"
She said, "Won't you come down and play?"
That's sad, you didn't win anything
That's sad, victory at Monterey

Happy, happy 'cause I know it's true
I'm so glad now that I have you
Now that I have you back
