## **Brand New Day**

## Albert Hammond

There's a brand new world around us Lots of good news on the way And for each and everyone of us It's a brand new day

There's a brand new kinda meaning To the words that people say And for each and everyone of us It's a brand new day

It's a brand new day
It's a brand new day
For each and everyone of us
It's a brand new day

When the sun sets in the evening There are people far away Who awaken to the morning Of a brand new day

So say goodnight to all your friends And it isn't hard to say When you know that come tomorrow It's a brand new day

It's a brand new day It's a brand new day You know that come tomorrow It's a brand new day

And if you're feeling lonely Just look the other way 'cause standing right behind you Is a brand new day

And he's leaning on your shoulder And there's something he's tryna say He's whisperin' softly in your ear "It's a brand new day."

It's a brand new day
It's a brand new day
For each and everyone of us
It's a brand new day

It's a brand new day
Ma-ma, it's a brand new day
For each and everyone of us
It's a brand new day
