We danced in the spotlight

Leave me alone Can't you see I can't stop crying I get down on my knees I'll be begging you please Don't leave me alone Leave me alone Don't leave me alone Leave me alone Don't leave me alone Last night we were celebrating You played truth or dare I came out hallucinating And love was in the air We met down in clubland We had an affair We danced in the spotlight The fire was there You said I'm the only Then walked out of town I beg you please don't turn around Leave me alone Can't you see I can't stop crying I get down on my knees I'll be begging you please Don't leave me alone Leave me alone Can't you see I can't stop crying If you walk out that door I can't stand it no more Don't leave me alone Sitting through this courtroom drama of who did what to whome Stand accused of cold seduction The cameras ready zoom You said there was more That your love was for real You said you'd come back for my heartache to heal I stand on a bridge And I'm ready to fly This time it's my last goodbye Leave me alone Can't you see I can't stop crying I get down on my knees I'll be begging you please Don't leave me alone Leave me alone Can't you see I can't stop crying If you walk out that door I can't stand it no more Don't leave me alone Leave me alone Can't you see I can't stop crying I get down on my knees I'll be begging you please Don't leave me alone Leave me alone We met down in clubland We had an affair

The fire was there You said I'm the only Then walked out of town I beg you please don't turn around You said there was more That your love was for real You said you'd come back For my heartache to heal I stand on a bridge This time it's my last goodbye Leave me alone Can't you see I can't stop crying I get down on my knees I'll be begging you please Don't leave me alone Leave me alone Can't you see I can't stop crying If you walk out that door I can't stand it no more Don't leave me alone
