

# Leave Me Alone

Alexander Rybak

"I want to be admitted, please. There's a crazy girl following me."

It started with a call I stupidly answered  
You said you got my number from one of the dancers  
You waited right outside, you had something on mind  
But then I saw your eyes, your crazy eyes

Now you got me into something very sick and twisted  
An evil kind of game I didn't know existed  
You traveled overseas to terrorize me  
And I don't understand, why can't you let me be?

Believe me when I say, you stupid fool!  
You're scaring me to death, that's not cool!  
Why won't you leave me alone?  
Just leave me alone!  
You're crazy, leave me alone!

I beg of you to stop and think this through  
It's time you started playing with someone new  
Why won't you leave me alone?  
Just leave me alone!  
You're crazy, leave me alone!

You're scaring mom and dad, scaring off my girlfriend  
You're waiting by my door early in the morning  
I've told you many times, don't follow me at night  
You're poisoning in my life, just tell me why!

Believe me when I say, you stupid fool!  
You're scaring me to death, that's not cool!  
Why won't you leave me alone?  
Just leave me alone!  
You're crazy, leave me alone!

I beg of you to stop and think this through  
It's time you started playing with someone new  
Why won't you leave me alone?  
Just leave me alone!  
You're crazy, leave me alone!

Believe me when I say, you stupid fool!  
You're scaring me to death, that's not cool!  
Why won't you leave me alone?  
Just leave me alone!  
You're crazy, leave me alone!

I beg of you to stop and think this through  
It's time you started playing with someone new  
Why won't you leave me alone?  
Just leave me alone!  
You're crazy, leave me alone!
