

# Gonna Get It

Alexz Johnson

Maybe it'll never come around  
Maybe let you push me to the ground  
I'll go 'cause if I don't it's taking me down

And I deal 'cause none of it is real  
I deal 'cause I'm covering to heal  
I'll go no need to reap the seeds that I sow

But oh you're gonna get it  
Gonna get it  
Gonna get it  
You're gonna get it,  
gonna get me good  
Oh, you're gonna get it  
Gonna get it  
Gonna get it  
You're gonna get it,  
gonna get me good

Oh no won't let it go  
Give it up won't take my soul  
(You're gonna get it,  
gonna get me good)  
Oh no won't let it go  
(Gonna get it)  
Give it up won't take my soul  
(Gonna get me good)

So why me, why they coming after me?  
All this, it's a conspiracy you see  
Can't hide the more I stay awake,  
the more you try

It's not right, it's no way to live a life  
No light, I'm running out of fight  
Can't hide, the dreams are coming after me tonight

Oh you're gonna get it  
Gonna get it  
Gonna get it  
You're gonna get it,  
gonna get me good  
Oh, you're gonna get it  
Gonna get it  
Gonna get it  
You're gonna get it,  
gonna get me good

Oh no won't let it go  
Give it up won't take my soul  
(You're gonna get it,  
gonna get me good)  
Oh no won't let it go  
(Gonna get it)  
Give it up won't take my soul  
(Gonna get me good)

And I'm not falling  
Not falling for it  
I will not just let this take me in  
So go away, go away  
You will never win  
I will never let myself fall in  
Never let myself fall in

Oh no won't let it go  
Give it up won't take my soul  
Oh, you're gonna get it  
Gonna get it  
Gonna get it  
You're gonna get it,  
gonna get me good

Oh no won't let it go  
Give it up won't take my soul  
Oh, you're gonna get it  
Gonna get it  
Gonna get it  
You're gonna get it,  
gonna get me good

And I'm not falling  
Not falling for it  
I will not just let this take me in  
(Oh no won't let it go)  
So go away, go away  
(Give it up won't take my soul)  
You will never win  
I will never let myself fall in  
(You're gonna get it,  
gonna get me good)  
I will never let myself fall in  
I will never let myself fall in
