

# Heart Like That

Alexz Johnson

Got to go, I know I have to  
Hope I can't find my way back to you  
Thought I had a good thing, but I found out  
It was no good for me  
No good for me

What you gonna do with a heart like that? (Say what?)  
You pick it off the floor  
I'm never gonna take you back (Hey now)  
I'm never gonna take you back (Hey now)  
Where you gonna go with a mind like that? (Say what?)  
You're crying like a fool  
I'm never gonna take you back (Hey now)  
I'm never gonna take you back (Alright)

I've got my dreams, my worn in taylor's (baby's got game)  
I hit the pavement quick, in layers (And a good last name)  
I'm looking for a good thing, and holding on (Baby don't lie)  
Don't do no harm  
Don't do no harm (And I'll tell you why)

What you gonna do with a heart like that? (Say what?)  
You pick it off the floor  
I'm never gonna take you back (Hey now)  
I'm never gonna take you back (Hey now)  
Where you gonna go with a mind like that? (Say what?)  
You're crying like a fool  
I'm never gonna take you back (Hey now)  
I'm never gonna take you back (Alright)

Sad to see you go  
But not for long though  
There's just so much lost gold

Sad to see you go  
But not for long though  
There's just so much lost gold

I'm never going to take you back  
What you gonna do with a heart like that? (Say what?)  
You pick it off the floor  
I'm never gonna take you back (Hey now)  
I'm never gonna take you back (Hey now)  
Where you gonna go with a mind like that? (Say what?)  
You're crying like a fool  
I'm never gonna take you back (Hey now)  
I'm never gonna take you back (Alright)
