

# Illusion of Bliss

Alicia Keys

You know, right now I miss someone that I love  
Or fell in love with  
I don't wanna cry or nothing but  
I'mma just get straight to the story  
I'm a 29 year old addict

What would you know?  
What would you do?  
If you had no control over what you pursue?  
Talk yourself, tell yourself, baby  
"I'm better than this"  
All that I'm fighting  
I'm the one to resist

So I persist  
Like a bottomless kiss  
An illusion of bliss  
An illusion of bliss  
So I persist  
Like a bottomless kiss  
An illusion of bliss  
An illusion of bliss

Hey, living in prison of blood and flesh  
An easy way out is this high, I confess  
So watcha lookin' at  
What do you wanna see  
You can't save me, baby  
I don't wanna it no way

So I persist  
Like a bottomless kiss  
An illusion of bliss  
An illusion of bliss  
So I persist  
Like a bottomless kiss  
An illusion of bliss

Is it my life?  
Ain't no easy road  
I don't know which way to go  
Won't somebody see me when I can't see myself  
Won't somebody listen before I need help  
I'm sick of being judged  
I'm sing of being sick  
Sick of being high, sick of being low  
Sick of all the lies putting on the show  
So I persist

So I persist  
Like a bottomless kiss  
An illusion of bliss  
An illusion of bliss

I don't wanna be a fallen angel  
I don't wanna be a fallen angel  
Don't say I'm gone, gone

I don't wanna be a fallen angel  
Don't say I'm lost, lost  
I don't wanna be a fallen angel  
Don't say I'm gone, gone  
I don't wanna be a fallen angel  
Don't say I'm lost, lost  
I don't wanna be a fallen angel
