

Enjoy Your Day

Alkaline Trio

So where'd you go?
How was your vacation home?
Well obviously you were busy,
Too busy for me.
So this is how you leave me?
I'm brokenhearted on the floor.
My tears seep through the crack under my door.
Where I am locked in, shut down.
I'm so tired of picking myself up off the ground.

So happy Valentine's day.
I hope the sun's out in New York.
I hope he bought you roses.
I hope he bought you roses.
so happy Valentine's day.
I hope the sun's out in New York.
I hope he bought you roses.
I hope he bought you roses.
