## I Wanna Be A Warhol

## **Alkaline Trio**

I wanna be a little piece of history, let's go
I wanna be a painting for all to see, let's go
Take a trip, take a big hand full of these and swallow
Just a headache, a fuzzy memory tomorrow

I wanna be a Warhol hanging on your wall You down there looking up at me I wanna be a Warhol displayed on your wall Hung up there staring back at you Staring back at you

Give me a taste of your misery, let's go Won't you please come play chemistry and sorrow I can't believe anything that you're telling me, let's go The walls are closing in and melting nice and slow

I wanna be a Warhol hanging on your wall You down there looking up at me I wanna be a Warhol displayed on your wall Hung up and staring back at you Staring back at you

I wanna be a Warhol hanging on your wall Staring down at you
I wanna be a Warhol displayed on your wall Still hung up on you
Still hung up on you
Still hung up on you
